County-wide Tree Planting Event

The Parks and Recreation Department will be spearheading a county-wide effort to enhance the local environment by hosting a tree seedling planting campaign. The event is timed to coincide with other Earth Day celebrations worldwide. The benefit to the county and citizens will be the introduction of 4,000-4,500 tree seedlings to the county's ecosystem.

Elementary and Middle School PTO's who would like to participate with tree planting may contact the Parks & Recreation office at 347-6896. Volunteers to plant and organize are welcome and enthusiastically asked to participate. No number of volunteers is too large or too small, and all ages are welcome.

The following are the locations, dates, times, and contact numbers to sign up!

Good Luck Jack!

Jack Lynch, retired Navy Seal, who was instrumental in starting the Sunrise Fitness Program at the Marshall Community Center, is leaving the area. The staff thanks Jack for all the work he has put into our program and the community.

Gym / Auditorium Windows

The old rusted and damaged windows at the Marshall Community Center have been replaced. However, the historic design of the windows were not altered during the renovation, so we think you'll be pleased with the appearance. The final addition of trim and

paint will make the project complete. Thank you for your patience while this project was completed. Stop by the center to see the completed project.

Marshall Community Center Roof

We had to say goodbye to the old roof to the Marshall Community Center and Library. The much needed roof replacement project has almost been completed. Cold weather set in before the gym roof could be completed so work is still going on.

Marshall Community Center Addition

This project is moving full speed ahead and the initial planning for the design work has begun. Stop by the center to see the conceptual plans.

Northern Region Sports Complex

Have you heard? The sports complex that was scheduled to be built over a 15-year period is now scheduled to be finished within two years. A 10 million distribution made by the Paul Mellon estate will make this possible. The gift will address the shortage of playing fields and other recreational facilities in the community. This gift continues a tradition of Mr. Mellon's generosity to Fauquier County and the residents of the area. The 10 million dollars will allow the complex to be completed in its entirety. Except for the outdoors aquatic center. The Estate has challenged the county and the community to raise the monies for the swim center. The county has allocated 1.5 million dollars and now the community needs to raise an additional 1 million dollars. This will not be an easy task but the community will forge ahead to raise the monies to complete the pool complex. Any individuals, organizations or person from the business community who would like to donate or be part of the fundraising effort may call the Marshall Community center 540-364-3886 or Parks and Recreation headquarters 540-347-6896 for information.

Affiliation Program

Are you a Non- Profit Organization in Fauquier County? Is your group committed to parks, recreation, the environment, nature preservation, outdoor education, tourism, cultural arts, therapeutic recreation, or historical preservation? Why not become an affiliated group with the Parks & Recreation Department and gain some great benefits ! Call your nearest Parks & Rec. facility for details.

Warrenton Caboose Volunteers

For more than a century the railroad caboose was a fixture on the end of freight trains. The real purpose of the caboose was to provide a sheltered vantage point from which trainmen could watch the cars ahead, sleep, cook and eat their meals, and do their paperwork. It served as the working headquarters of the freight conductor and his rear brakeman. Although the "little red caboose" is now a thing of the past, we can still enjoy its entire splendor on the Warrenton Branch Greenway. Resting proud at the 4th Street trailhead, the vintage 1969 Norfolk & Western steel cupola caboose has been restored to its original operating condition and serves as a showcase of Warrenton's railroad heritage and railroad history in general. The restoration of the Warrenton caboose was a community effort accomplished over a three-year period. In all, over 2,500 volunteer hours, the support of 35 businesses, and donations totaling in excess of \$50,000 went into the restoration effort. It was truly a "total community effort." Great efforts were made to restore the caboose to its last "in service" condition. That is to say, the most recently used interior and exterior look and functionality. Volunteers met nearly every Saturday for two years to work in, on, and around the caboose, transforming a valuable part of railroading history. We invite you to stop by the caboose and enjoy a tour. We also encourage you to get involved with all of the railroad activities on the Warrenton Branch Greenway. You can be assured that there is always something to do, whether it is giving a history tour, painting a railroad structure, maintaining some landscaping, or simply helping out at an event at the

caboose. The success of the caboose and the continuing support of other railroad related activities is due to the generous volunteering of time and resources on the part of citizens of the community. Contact Fauquier County Parks & Recreation at 540-347-6896 to lend a hand.

The Warrenton Caboose is open to the public from April through September on the first and third Saturday from 9:00am-11am. All Aboard!

Warrenton Community Center

The Parks and Recreation department continues its efforts to transform the Central Elementary School into the Warrenton Community Center. The county is re-bidding the contract for renovations and should soon have a firm date for work to begin and establish an opening date for public use. The center will have a multipurpose room with stage, a meeting/conference room and an arts and crafts room available for programs, activities and events.

The center is in need of all kinds of equipment and supplies that you may donate. Some of the items needed are potters wheels, kiln, arts and crafts supplies; folding tables and chairs; board games, playing cards such as pinocle and bridge; plants for the lobby; flower bulbs and landscaping; recreation equipment; computers; public address and sound system, DJ equipment; musical instruments; stage lighting, set materials, costumes and props for theater productions; and more.

The center also needs someone to volunteer to help with keeping up planting beds and landscaping. This could be a project of a garden club, a community group or an individual. We also need someone to assist with theater productions and programs.

Two citizens have already contacted us about serving on a center friends group or advisory board. We need several more community minded citizens to make this a reality.

For more information about the Warrenton Community Center call Paul Kadel at 347-6897.

The Town of Warrenton helps to improve the Greenway

The Town of Warrenton continues to work with Fauquier County Parks and Recreation to improve the Warrenton Branch Greenway. Town crews have been busy cutting back the vegetation that continually tries to grow back over the maintained areas. The Town has also recently added handrails to the steps near the caboose.

Rady Park Shelter Reservations

Planning a picnic, family reunion or birthday party this spring or summer? The Rady Park shelter still has open dates available, but don't wait too long or your date might be taken. County-Wide Tree Planting Event

The Parks and Recreation Department will be spearheading a county-wide effort to enhance the local environment by hosting a tree seedling planting campaign. The event is timed to coincide with other Earth Day celebrations worldwide. The benefit to the county and citizens will be the introduction of 4,000-4,500 tree seedlings to the region's ecosystem. Sites throughout the county will also be beautified.

Elementary and Middle School PTO's who would like to participate with tree planting may contact the Parks & Recreation office at 347-6896. Volunteers to plant and organize are welcome and enthusiastically asked to participate. No number of volunteers is too large or too small, and all ages are welcome. The following are the locations, dates, times, and contact numbers to sign up!

Northern Region Complex 364-3886, April 20th at 10 am, Rain-date 21st at 1pm.

Thank You, Thank You!

Fauquier County Parks & Recreation Department extends our sincere gratitude to the Estate of Irene Pilcher Perrow for the generous donation of \$15,000 for the purpose of much needed upkeep to John Marshall Birthplace Park located in Midland. It is indeed donations such as this that make quality recreational and historical areas like John Marshall Birthplace Park viable and the department plans to begin much needed improvements in the near future.

Monroe Park Improvements!!

Monroe Park continues to see improvements. The soccer/football goals have been installed and the reseeding of the field has started to take hold. This spring, the soccer/football field should be in great shape for everyone to enjoy. A display case has been installed at the kiosk and will be full of information about Monroe Park and Recreation opportunities in the county. Work is about to begin on the second part of the playground area. With a little luck, that work should be done by late spring. We're also close to installing benches at the playground so parents and grandparents can have a comfortable place to sit while watching the children play. Monroe Park will continue to improve and become an even better place for everyone.

Information and Artifacts

Monroe Park continues to look for information and artifacts related to gold mining in Virginia. Photographs, letters, books, tools, equipment, or anything else you might have that would make a nice addition to our growing collection would be great! Your donation to Monroe Park is tax-deductible!! Please contact Monroe Park if you would like to share any items or information.

PROGRAM REGISTRATION IS
Spring Registration Is March 20 - 27 and April 30 - May 2
For All Programs Unless Otherwise Noted In Program Description.
Please Note Deadlines!

Payment

Payment must accompany registration. The county requires a \$25 charge for returned checks.

Late Registration

Prices listed in the program description reflect a \$5 discount. This price only applies during the registration period. We can not be responsible for postal delays. If a registration is received after the registration deadline the registration will not be valid until the additional \$5 administrative fee is paid. You may register late if the program has reached minimum levels as of the registration deadline, and if no more than two classes have met.

About Our Programs

You will be notified if a program is canceled or if your registration was received after enrollment reached maximum levels. All activities pose risks which each participant assumes and should consider. Before participating in strenuous activities, ask your doctor about your ability to do so safely. Supplies and related costs, if applicable, are out-lined in your first class.

Satisfaction Guaranteed!

Refunds are cheerfully issued in full, if requested before the second class, pro-rated thereafter.

Everyone Can Participate!

Persons with disabilities will be accommodated whenever possible; some activities, however, may pose physical danger to such individuals. Consult your physician before participation.

Registration is open to all persons regardless of sex, race, religion, or national origin. Fauquier County residents returning to continuing programs have priority over nonresidents when enrollment is limited. Nonresidents returning to continuing programs have priority over nonresidents when enrollment is limited.

Weather Cancellations

Weather related cancellations are made by 8 AM for day programs and by 4 PM for evening programs. Go to www.cancellations.com or www.weather-closings.com. You can also listen for announcements on WTOP-FM (107.7) or WUPP (94.3) or WKCW-AM (1420). If necessary, call 347-6896 for a taped message.

Subscribe to a Year of Good Times for Just \$3

Good Times is published five times a year with issues appearing to alert the public to Winter, Spring, Summer, Autumn and Holiday Parks & Recreation activities. It is distributed to children in Fauquier County Schools and most private schools. You may also pick up free copies in school offices, libraries, and businesses around the county. For convenient delivery by mail, please use this form to subscribe. Enclose your check, payable to "FCPRD," for \$3 (\$4 for non-county residents) to cover postage and handling for five issues.
